COMPANY. Mutual Life Insurance on the Cash System. OFFICE NO. 62, WALNUT STREET, PHILADEL-Incorporated in 1841.

CAPITAL STOCK \$250,000. Rates of Premium reduced Twenty-five per cent.

Persons insured in this Company for the whole term of life participate in the annual division of profits which will be paid in scrip or by bonds added to the policy.

Life Insurance upon the principle adopted by the Company is founded upon the principle of contribution in the shape of annual, semi-annual, or quarterly premium or dues to a common fund, proportionate to the amount insured, out of which the company pay a stipulated sum on the death of the assured, to the person for whose benefit the insurance is effected. Thus each person insuring in this company, by contributing a small portion of his income or earnings, effects a sure provision for the wants and necessities of his family after they are deprived of that support which, whilst living, he was enabled to provide for them by his exertion.

After a thorough investigation of the different systems adopted in Europe and America, and of the rates of premium charged, this company have reduced the annual premium or quarterly dues twenty-five per cent, and will receive the premium annually, asmi-annually, or quarterly, as may be preferred, under a firm conviction that the exigencies of the company will never exceed and selection require the premium charged by this company, to enable it to meet all its engagements, which reduction will leave a large margin for seasons of trusual sickness and death among its members. This company preferring to reduce the premium at once to an amount more nearly approximating the actual necessities of the company, than to adopt the system of premium notes for a portion of the premium which is attended with so many disadvantages.

Some of the peculiar advantages of this company are,

1. A reduction of tecnity-five per cent, in the annual premium charged.

2. A participation in the profits of the company by those who insure the life. Rates of Premium reduced Twenty-five per cent.

2. A participation in the profits of the company by those the insure for life. tee capital of \$250,000 to guard against all

H. Elements of Criticism; Butler's Analogy; Cicero's Tusculan Questions; Demosthenes de Corona; Voltaie Electricity, Electro-Dynamics; Astronomy, begun.

HI. The Constitution of the United States; Astronomy, finished: The Science of Hoat; Thermo-Electricity; Chemistry and Geology.

PHILOSOPHICAL APPARATUS.

Geology.

PHILOSOPHICAL APPARATUS. PHILOSOPHICAL APPARATUS.

The College is provided with a Philosophical Apparatus that furnishes ample means of experimental illustration in all the different branches of Natural Philosophy. The sum of three thousand dollars has recently been expended, partly in this country and partly in London and Paris, in the purchase of new apparatus, adapted to the present advanced state of the Physical Sciences.

EXAMINATIONS.

At the close of each study, or branch of study, the members of the class are carefully examined, and, at the close of the year, in all the studies of the year, in the presence of the year, in all the studies of the year, in the presence of a Committee of the Trustees; and their attainments are communicated to the Board of Trustees.

RELIGIOUS INSTRUCTION.

In addition to daily morning and evening prayer, divine worship is held twice on every Sunday, and the rectation on Monday morning is always in the Greek Testament. At the request of his parent or guardian, a student is permitted to attend any place of worship which himself or the parent or guardian may select. One member of the Faculty will attend at each of the different places of worship (Presbyterian, Episcopalian, and Methodist) in the village, and note all absentees.

Two at least of the Professors, with their families, will reside in the College buildings, and will board at a common table with the students, who are required to occupy such rooms as may be assigned them by the Faculty.

Administron

ADMISSION.

In order to admission to pursue the entire course, a student must be at least fourteen years of age; must give satisfactory evidence of good moral character; and must sustain an examination in the following studies, vis: Arithmetic, Elements of Algebra, Latin and Greek Grammar, Jacob's or Felton's Greek Reader, and the first two books of Xenophon's Anabasis, Jacob's or Decring's Latin Reader, Sallust or Cæsar, Cicero's Select Orations, and Virgil, or what shall be deemed equivalent.

EXPENSES.

ENTRANCE FEE.—If the student enter as Freshman, five dollars; if as Sophomore, ten dollars; if as Junior, fifteen dollars; and if as Senior, twenty dollars.

14 Exession. 2d Session.

Tuition \$21.00 \$21.00 ADMISSION.

Board is furnished with the families of the Professors at two dollars per week.
Washing, at the usual rates.
All dues are payable in advance. The tuition is remited, on application, to all students designed for the Mi

ted, on application, to all students designed for the Min-listry.

The tuition fee for Modern Languages will be eight dollars per session, to be paid to the Instructor in ad-vance.

For students who do not design to prosecute the whole Course required for a degree, a more limited range of stu-dies is furnished, adapted to the sphere and course of life of each individual, so far as such can be reasonably antic-ipated.

ipated.

The studies of this Course are arranged under the following departments, to wit:

1st. A MATHEMATICAL DEPARTMENT—In which, beginning with Arithmetic and Algebra, the student will be carried, seriation, through all the higher branches of the Mathematics, ending in their application to Natural Philosophy, Astronomy, &c.

2d. AN ENGLISH DEPARTMENT—Comprising instruction in Orthography, Reading, Elocution, Grammar, Writing, Geography, History, Composition, Rhetoric, Logic, Intellectual Philosophy, Moral Philosophy, Political Grammar, Story on the Constitution, Philosophy, Ornithology, Natural Theology, Elements of Criticism, and Evidences of Christianity.

Christianity.

3d. A MERCANTILE DEPARTMENT—In which will be imparted an acquaintance with all that is necessary to qualify youth for the immediate duties of the counting-house, including—

including— the immediate duties of the counting-nouse; including—

1. Pennmanship—By an original and popular system of this art, which invariably produces a bold, finished hand, peculiarly adapted to the purposes of the accountant and business man.

2. Arithmetic—Comprising numerous abbreviated methods of computing Interest, Discount, Equation of Payments, &c., and other mercantile calculations founded on per centage; together with all such operations as are requisite for a thorough knowledge of the business of the counting-room.

quisite for a thorough knowledge of the business of the counting-room.

3. Book-keeping—Single and Double Entry, by the most approved methods. A complete course of instruction in this branch will be furnished, designed to fit the student to take charge of any set of account books.

4th. An Agricultural Department—Comprising a selection from the English and Mathematical courses; and, also, Surveying, Botany, Mineralogy, Geology, Chemistry, and Agricultural Chemistry; the last two illustrated by experimental lectures.

5th. A Civil. Engished Department—In which are taught Arithmetic, (mental and written.) Algebra, (montal and written.) Geometry, Trigonometry, Surveying, with the use of instruments in the field, Practical Engineering, Architecture, Perspective, Draughting, and Topography.

6th. A Teacher's Department—The course of study will consist of a judicious selection of subjects from the

6th. A TRACHER'S DEPARTMENT.—The course of study will consist of a judicious selection of subjects from the other departments, including all the branches pursued in our commou schools. Practical Lectures will also be given on School Teaching, both as a science and as an art.

Pupils will not only thus receive the fullest instruction relative to the best and most popular methods of teaching, but they will also have opportunities of exemplifying them, by hearing recitations in the lower departments of the Institution.

7th. A DEPARTMENT OF MODERN LANGUAGES—In which

7th. A DEPARTMENT OF MODERN LANGUAGES—In which students who wish to take a thorough course can have an opportunity of doing so; while others, whose object may be to acquire sufficient knowledge to translate with facility, and to pronounce with tolerable correctness, in as short a time as possible, are also provided for.

Newark Academy.

BALTIMORE PIANO FORTE MANUFACTORY.

ELASTIC* UNIVERSAL TOUCH.

WISK & BROTHER, Manufacturers of Boudor, Grand, and Square Planes, and quarter planes, and the greatest possible advantage—one that the touch can be instantly adjusted to the exact strength of the dangers and movement of music, one that will stand in concert tune, one that the tone will not become shrill and grating, that is chaste of style and elegantly made up of straight and regular curve lines, that will last an age—to give them a call. The ancient standing of the Baltimore Factory, and liberal patronage of citizens and others of the first order of artistic tasic and science, conceded at once the most critical, have been fully anticipated. Their recently finished Grand Plane, minutely reviewed by the most accomplished civil engineers and master artists, has been denominated truly a Grand Plane; also, that their late Boudoir, for style, power, and compass of tone, is not surpassed, if equalled, in the world. Friends and customers, please stop in and examine for yourselves.

No. 31 Hanover street, Baltimore.

*Elastic, because the keys recover their quiescent place in time equal to the displacing. Universal, because the same instrument may be instantly altered to any degree hard, or soft touch, so that ten thousand or more performers, all different, may each find the touch they prefer.

COLD SPRING WATER CURE.

COLD SPRING WATER CURE.

COLD SPRING WATER CURE.

THIS NEW AND SPLENDID ESTABLISHMENT for the scientific treatment of the various diseases with which the human system is afflicted, is situated about three miles from the city of Buffalo, in a rural spot, and so accessible from all points as to be reached without inconvenience or delay.

A line of omnibuses runs from the steamboat landings in Buffalo to the springs every ten minutes.

The house and grounds are near the extensive and beautiful green-houses and nurseries of the Messrs. Hodges & Bryants; and the scenery in all directions is unsurpassed, as regards either variety or beauty; embracing points of view, from which may be taken in at a glance the broad expanse of Lake Eric, the Niagara flowing majestically towards the Falls, extensive forests, and the "Queen City of the Lakes," with its moving panorama of steamboats and ceaseless enterprise.

The water, taken immediately from the celebrated "Cold Spring," is unsurpassed as regards coldness and purity, by any in the United States. The house, recently erected at a cost of about seven thousand dollars, has been titted up in a neat and elegant style, at considerable extra expense, and is sufficiently capacious to accommodate seventy-five patients.

Connected with the cetablishment, and constituting one of its attractions, are the fixtures and conveniences for innocent and healtful gymnastic exercises.

MEDICAL DEPARTMENT.

The institution is under the general supervision of S. M. Bayvis, M. D. Professor of the Theory and Practice of

MEDICAL DEPARTMENT.

The institution is under the general supervision of S. M. Davis, M. D., Professor of the Theory and Practice of Medicine in Central Medical College, and Geo. W. Davis, M. D., formerly of Dansville, N. Y., the resident physician, and is permanently associated with the before mentioned gentleman as counsel, and associate of the medical board of control. And the friends of the establishment deem it a matter of folicitation that the services of Miss Mary M. Taylor, a lady of high medical attainments, who has a tended two courses of lectures in the Central Medical College, have been secured, and that female patients can at any time avail themselves of her invaluable aid and counsel.

any time avail themselves of her invaluable aid and counsel.

The steward's department is under the control of a gentleman eminently qualified for that position; and unwearied pains will be taken to have every thing appertaining to the establishment arranged on a plan, and conducted in a way, to ensure the comfort, and promote the health and happiness of all who may wish to avail themselves of its benefits. Baths of all descriptions, adapted to the cure of the various forms of disease, and constructed on a scale not inferior to those of any other establishment in this country.

of the various forms of disease, and constructed on a scale not inferior to those of any other establishment in this country.

An enlightened public sentiment has everywhere repudiated a reckless use of drugs in the treatment of disease; while intolerable sufferings and broken constitutions have imperatively demanded "Reform." A return from a wide and fatal departure from the simplicity of Nature's laws is called for, alike by a rational love of happiness and the deplorable exigencies of our condition. Hydropathy, or a scientific use of water as a restorative and curative agent, is a practical substitution of a simple and remarkably efficacious mode of curing the sick; for that system of drugging, depleting, and cauterizing, which, in obtaining the mastery over disease, too frequently places the patient beyond the reach of further annoyance. The success of the various Water Cure establishments in this country, to say nothing of any other, has fully confirmed the hopes of the early discoverers and promulgators of the great truths upon which the system is founded, and renders verbal communications unnecessary. It is deemed sufficient to say, that the "Cold Spring Water Cure" will compare favorably with any of the well-conducted establishments of a similar character, and will be found equal to the best, as regards the order, convenience, and desirableness of its arrangements. The institution is now open for the reception of patients, and in full operation. tion of patients, and in full operation.

tion of patients, and in full operation.

TERMS.

For board, medical advice, attendance and nursing, &c., from \$7 to \$14 per week, payable weekly, varying according to the room and attention required. Each patient will be required to furnish two linen sheets, two cotton conforters, one woollen blanket, and four towels; or, where it is not convenient for the patient to furnish them as above, they can be supplied at the establishment by paying fifty cents a week.

All communications for medical advice should be addressed either to S. M. Davis, M. D., or to George W. Davis, M. D., 239 Main street, Buffalo, N. Y.

S. M. & G. W. DAVIS & Co., Buffalo. mar. 24—

HUNT'S MERCHANTS' MAGAZINE AND COMMERCIAL REVIEW. Established, July, 1839, BY FREEMAN HUNT, EDITOR AND PROPRIETOR.

BY FREEMAN HUNT, EDITOR AND PROPRIETOR.

THE Number for December, 1850, completed the twenty-third semi-annual volume. The work has been enlarged since its commencement in July, 1839, and each volume now contains more than seven hundred large octavo pages. A few complete sets of the Magazine may be obtained at the publisher's office, 142 Fulton street, New York, neatly and substantially bound, for two dollars and a half per volume.

a hair per volume.

The following are a few of the many commendatory letters received by the editor of the Merchants' Magazine from distinguished statesmen: Letter from the Hon. Henry Clay.

Letter from the Hon. Henry Clay.

Letter from the Hon. Henry Clay.

Ashland, 20th July, 1849.

Dear Sir: I wish to express to you the gratification I derived on receiving the July number of the Merchants' Magazine and Commercial Review, from viewing your portrait in the beginning, and from reading your address to your friends at the end of it. When we feel under obligations to those who have contributed to our information and amusement, we are naturally desirous to possess all the knowledge of them, of their appearance, of the features of their countenance, and of the character and habits of their mind, which we can acquire. You have placed your numerous readers (at least you have me, if I may not speak for them) under those obligations; and the number of your valuable work now before me, in some degree, satisfies the desire to which I have alluded.

I have become quite familiar with the Magazine and Review, and have no hesitation in expressing my humble opinion that it is eminently entitled to the public regard and support. It collects and arranges, in good order, a large amount of valuable statistical and other information, highly useful not only to the merchant, but to the statesman, to the cultivator of the earth, to the maunfacturer, to the mariner, in short, to all classes of the business and reading community.

Entertaining this opinion, I am glad that it has been, and hope that it may continue to be, liberally patronized.

Offering you cordial assurances of my esteem and regard, I am truly your friend and obedient servant.

Freeman Hunt, esq.

Extract of a letter from Hon. Millard Fulmore.

"I have read it (Merchants' Magazine) with a good deal of attention, and have no hesitation in saying that I think it one of the mest valuable periodicals that was ever published. To the merchant it seems quite indispensable, and to the statesman and man of general information almost equally desirable. It is a grand repository of useful facts and information, which can be found nowhere so well digested and so accessi

Letter from the Hon. Thomas H. Benton.

"WASHINGTON CITY, April 20, 1849.

Mr. Freeman Hunt.—Sr: I owe you many thanks for the opportunities I have had to read the Merchants' Magazine, and have found it in reality to be a magazine, and that well replenished, of all the useful matter which the title would imply, and presented with a fullness and clearness which delights while it instructs. It is, in fact, a merchants' magazine in the large acceptation of the term—merchants who go between nations, whose large operations bring many departments of knowledge, and a view of the state of the world, into daily requisition. But it is not the great merchant only, but the one of more modest, but, nevertheless, of most useful operations—the merchant of the interior also—who will find this magazine to abound with the information the pureuit of his business and the elevation of the mercantile character requires. Nor is its utility at all confined to merchants, but extends to the legislator and diplomatist, and to all who are charged with managing the affairs of the nation. For myself, I have found it most useful to me in my senatorial labors, and have been in the habit for many years of carefully consulting it.

Very respectfully, sir, your obedient servant, Letter from the Hon. Thomas H. Benton.

rial labors, and have been carefully consulting it.

Very respectfully, sir, your obedient servant, THOMAS H. BENTON. Letter from Hon. Wm. H. Scroard.

'My Dear Sir: Have the goodness to place my name on your list of subscribers for the Merchants' Magazine. I regard it as an invaluable work for the use of all who would understand not merely commercial operations in this extending country, but the fiscal and commercial questions involved in the administration of the government.

ment.

I am, with great respect, your humble servant,
Freeman Hunt, esq. WILLIAM H. SEWARD.

The Merchanis Magazine is published monthly, at 142,
Fulton street, New York, by FREEMAN HUNT, and furnished to subscribers for Five Dollars a year, in advance.

SPRING IMPORTATION.

W. * S. PHIPPS & CO., 64 and 66 Broadway, New York, and 16 Milk street, Boston, are now receiving a complete assortment of British, French, and German Staple and Fancy Dry Goods, which they offer on liberal terms. N. B. Will receive the newest style of Dress Goods by every steamer. A large assortment of Trimming Goods always on hand.

AMERICAN HOUSE, Hanover street, Boston. Tapscott's General Emigration and Foreign Ex-

THE Undersigned having entirely rebuilt and enlarged the above estemave establishment, containing in all about three hundred and fifty rooms, would respectfully give notice that it is now ready for the reception and accommedation of the travelling community.

An extended notice of the unsurpassed conveniences of this House is deemed superfluous, as the numerous improvements which have been made cannot be properly given in an advertisement. Suffice it to say that no expense has been spared to render any spartment perfect.

The furniture was made expressly to order, regardless of cost, and certain portions of it, especially the Drawing-rooms, will be found to be of the most beautiful and tasteful manufacture. The Dining-rooms are capacious, and the hours for meals will be so arranged as to suit the convenience of the early and late.

Every department will be conducted in an unexceptionable manner, and the Proprietor pledges himself that the American House shall be truly the Traveller's Home.

A New Route to Pittsburg. VIA THE BALTIMORE, SUSQUEHANNA, AND PENN-SYLVANIA RAILROADS.

MH HILL

THROUGH TO PITTEBURG IN 33 HOURS. An expression of the property of the control of

Eutaw House, Baltimore, May 15, 1848.

"This is to certify, that during the summer of 1848, I used one of Austin's Patent Ice Cream Freezers of the largest size, (10 gallons,) making from 10 to 50 gallons per day during the season; and so far as regards expedition and power. I consider it decidedly the best freeser now in use, as I have had with it no difficulty in making ten gallons of superior quality Ice Cream from five of plain Cream, in thirty minutes from the time I commenced working it.

Baltimore, April 6, 1851."

Manufactured and for sale by the patentee.

A. H. AUSTIN,

No. 51 N. Eutaw street, near Saratogs.

Also, by CORTLAN & CO., No. 203 Baltimore street.

For conveying Passengers to and from Great Britain and Ireland, and from Great Britain and Ireland, and some property of the process of the p

rest assured that the greatest punctuality will be noticed and perfect satisfaction given in every branch of their business.

REMITTANCES TO ENGLAND, RELAND, SCOTLAND, AND WALES.

The subscribers supply Drafts for any amount from £1 upwards, drawn direct and payable at the National Bank of Ireland and Branches, Exchange & Discount Bank, and Wm. Tapscott & Co., Liverpool; National Provincial Bank of England, Bank of Scotland and Branches, Messrs. James Butt, Sons & Co., London. All of which are paid on demand, without discount or any other charge.

Persons residing in the country and wishing to send money to their friends, may insure its being sent satisfactorily, on their remitting to the subscribers the amount they wish sent, with the name and address of the person for whom it is intended; a draft for the amount will then be forwarded, per first sailing Packet or Steamer, and a receipt for the same returned by Mail.

Persons having money in the Old Country which they wish to receive, without the expense of going for it, may get it safely transmitted by its being deposited with Wm. Tapscott & Co., Liverpool, and an order from them for the amount will meet promt payment here.

TO EMIGRANTS FOR THE FAR WEST.

W. & J. T. TAPSCOTT & CO. having the most extended arrangements for conveyance of passengers from New York to the Far West of any house in the trade, they are enabled to offer them any mode of conveyance, whether railroad, canal, or steamboat, and that at prices as low as are usually paid for the worst possible conveyance, and with a certainty of their not being subjected to any delay or imposition on the route.

Pamphlets with fall descriptions of all the various routes, with rates of fare for any place not beyond the Mississippi, (including Canada,) can be had gratis.

Every information given on application either personally, or by letter addressed to
